

# CAMP CONFIDENCE:

A WOLF SCHOOL SUMMER PROGRAM

Move to learn!

Spend time with friends!

Discover, Create, and Build!

Immerse yourself  
in fun!

July 11th-July 27th

At Camp Confidence, we're combining a traditional summer camp approach with The Wolf School's Immersion Model® classroom. Students will maintain and enhance academic and social skills while having fun with their friends!

Through theme-based, high-interest projects, our three-week program will provide hands-on instruction to small groups. Led by an Immersion Model® team, students will work on:

- reading, writing, and math
- social skills
- sensory integration
- self-regulation
- fine and gross motor skills
- visual perceptual skills
- team building
- executive functioning strategies

At Camp Confidence, your child will have the opportunity to:

- participate in academic lessons that integrate language, sensory, and social skills
- work on IEP/Learning Plan goals
- join in art, music, and outdoor activities that foster creativity and friendship
- take a community field trip where skills can be applied to real-life experiences

If you are interested in enrolling your child in Camp Confidence, please fill out the attached registration form and leave it for Meg Jackson in the Main Office.

## OUR PROGRAM
