## Spotlight on Building

### ***Growing Our Vision!***

In September this year, we knew something needed to happen. Our space limitations had reached breaking point. How amazing then to break ground on June 6th, kicking off our *Growing Our Vision Building Project*. Students and staff were joined by families, The Wolf School Board of Trustees, the Building Committee, and local East Providence officials for the morning ceremony. Who could have imagined we would be able to realize our vision in such a short amount of time? Thank you to everyone who worked to make this possible, from our Leadership Donors, Crowdfunding supporters (over 160+ members of the Wolf Community!) and everyone who attended the groundbreaking! Check out photos from the event [here](#).

## Spotlight on Media

### ***Wolf in the Press***

Whether its online, in print, or on TV, we love when Wolf is in the media!

Recently, Head of School, Anna Johnson became a contributing

writer for local blog, *Kidoinfo*! *Kidoinfo* is for parents and covers all things kid related in Rhode Island. With an impressive local following, we are thrilled to be featured on their site. In the article,

Anna discusses five areas where children's behaviors may demonstrate underlying learning or sensory differences. Be sure to read the full article [here](#) and be on the lookout for upcoming pieces!

Extra! Extra! Read all about it! The word is out about The Wolf School *Growing Our Vision Building Campaign*! We are thrilled that Wolf has been featured in two local publications this month to help us get the word out to the community not only about our school but about our expansion plans. Members of the press joined us earlier this month at our Groundbreaking Ceremony and stories were published in [Providence Business News](#) and [East Bay News](#)!

In case you missed it, The Wolf School was featured on Channel 10 News! After attending Discover the Difference as our special host auctioneer, Barbara Morse Silva of WJAR-TV featured our school on Channel 10 News. As part of her Health Check series, Barbara Morse Silva told the Wolf Story and all

about our integration of movement into the curriculum! Watch our segment [here](#)!

## Spotlight on Graduates

### *Class of 2016*

Congratulations to the Class of 2016!

Transformation was the theme of this year's graduation address by Head of School, Anna Johnson. She told stories of how each student, and the class as a whole, transformed during their time at Wolf. Anna's most important message to our graduates was said with a quote from JK Rowling: " We do not need magic to transform our world. We carry all the power we need inside ourselves already."

Congratulations to the Class of 2016 on a job well done! We are so proud of all of our graduates for their hard work, tremendous growth, and transformation during their time at Wolf! Check out our slideshow [here](#). And watch the video below to hear more from our students about their time at Wolf!

## Spotlight on Staff

### *The Artwork of Keri King*

Congratulations to our own Keri King, Art Teacher at The Wolf School! Keri was one of the participating artists in this month's second annual PVD Fest. Keri installed her work titled "Spectacles & Spectators" as part of this city initiative to help energize and transform downtown Providence.

Several of her 2-D mural projects were scattered throughout the footprint of the festival. Keri said she is "so incredibly grateful for the opportunity to help celebrate Providence as a vibrant center for art, music, food and fun!" Be sure to check out more info and pictures [here](#).
