

Private School Application Process Application Forms and Recommendations

Parents along with the Wolf next school placement team will jointly determine which schools best match each student's strengths and challenges. Parents will contact the schools and request a complete application package. This will include admission forms, a listing of testing that is required, information about a school visit and tour and the interviewing process.

Next school placement is an individual process that meets each individual student's needs.

1. Once you have determined the schools you are applying to, please fill out the **“Request for Transfer of Records”** sheet (attached) and return it to The Wolf School. Please list all the schools you are considering.
2. All forms must be filled out completely with student identifying information. Forms that are incomplete will be returned to the student.
3. Each admission package will include teacher recommendation forms. These recommendation forms need to be turned into Mara Scoliard, Admissions Assistant. In addition to classroom teachers, additional recommendations may be requested from other members of the team including sports coach or therapists. Anna Johnson is also available to write recommendations on our students.
4. Application forms are returned directly to the schools you are applying to.
5. **Since deadlines vary, be sure to check each school's application deadline.**
6. Wolf School will send the three most recent report cards along with letters of recommendation directly to the school admissions office.
7. We will convene regular meetings with students to help prepare them for:
 - A. School visits
 - B. Interviews
 - C. Application process
 - D. Transition process
