

## Priority 2

# Program and Instructional Excellence

In order to assure that the programs of the school create the outcomes we desire among the students and families we determine in Priority 1 to be our targeted constituencies, we will:

### **Key Initiatives:**

- P.1.** - Create mechanisms to gather information to help inform our programming decisions, including:
- Feedback from the Wolf Academy at St. Andrew's and other post-Wolf student endeavors
- P.2.** - Determine if there is merit to creating multiple pathways to success via separate "tracks" for students.
- P.3.** - Examine the best approaches to multi-level and multi-age classroom options.
- P.4.** - Continue our work on program design.
