Spotlight on Founders' Day

Celebrating our past and present!

The Wolf community joined students and staff on February 23rd for our annual Founders' Day.

Each Founders' Day ends with the presentation of the Founders' Day award. Room 3 teacher, Marci Haines, was surprised with this year's award. The Founders' Day award is given to a staff member who truly embodies the tenets our school was built on - discovery, collaboration, creativity, achievement, and confidence. Congratulations Marci! You made it happen!

This year's celebration also featured a special ribbon cutting ceremony to celebrate the completion of our building project. Thank you to our Building Committee, our donors, and all of The Wolf School community for helping to make this possible!

Spotlight on Staff!

Our very own art teacher, Keri King, has been hard at work as the Providence Public Library's 2017 Creative Fellow! This past summer, Keri began conducting research in their Special Collections. Keri "had the opportunity to explore a wide and colorful range of resources, including but not limited to domestic periodicals, WWII propaganda posters and turn-of-the-century children's books."

All of this lead up to the creation of an 8'x8' mural that will soon be on display at Providence Public Library!

This culminating piece will be unveiled at an opening on Wednesday, March 1st as one part of their larger spring exhibition, centered around American food ways! To learn more click [here](#).
