

DISCOVER THE WOLF SCHOOL

Join us at our Winter Open House
Thursday, February 11th from 8:15 AM to 10:00 AM

Come see how Wolf addresses learning differences:

- Attend our All School Assembly and see how students experience a sense of community and belonging
- Tour our classrooms, sensory arena, gymnasium, and creativity room to see first hand the environment we create to help each Complex Learner thrive
- Have coffee with our Head of School and Director of Admissions - learn how our Immersion Model integrates therapeutic support throughout the curriculum

Wolf students acquire a love for learning and take on social situations with newfound confidence and skill.

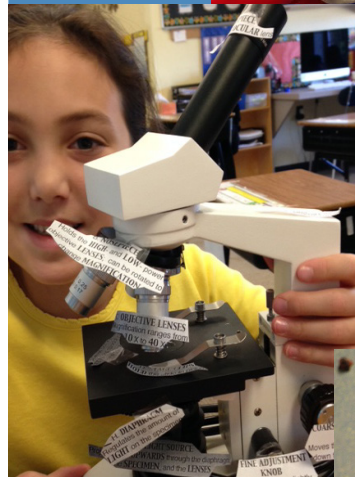

Find out how!
