

Health & Safety Procedures for Visitors

In an effort to protect the health and safety of our community, we ask that you please carefully read the following expected procedures. In accordance with recommendations from the CDC and the RIDOH, we ask that every visitor to The Wolf School abide by these guidelines. If you have any questions or concerns, please contact Anna Johnson. Thank you for your cooperation!

1. Please ensure that prior to entering The Wolf School, you are **not sick** and **do not have a temperature above 100.0°** or any other symptoms of COVID-19.

You will not be able to enter the building if anyone you have come in contact with has been exposed to COVID-19 in the last 14 days.

2. Please **only enter through the main lobby**.

3. All visitors should be wearing masks when entering the building. **Masks should remain on throughout your visit.**

4. Once in the building, a Wolf Staff member will instruct you to **use the hand sanitizer**, and will then **take your temperature and instruct you to sign you in**. Please use the wipes to clean the pen after use so it is clean for the next person using it.

5. We ask that all visitors **limit their movements within the school** to only necessary meeting areas or work spaces.

If you have any questions during your visit, please return to the main lobby and ask a Wolf Staff member present within the main office.

6. In accordance with CDC and RIDOH guidelines, The Wolf School has detailed cleaning procedures in place and will make every effort to **disinfect and sanitize all high touch areas in the school between visitors.**

7. Once you are ready to leave, **please sign yourself out and exit through the front lobby.**
